PRODUCT CHANGE NOTICE: SLM Firmware Version 2.1

Dear Valued Lantronix Customer,

Lantronix is pleased to announce availability of updated firmware for the Securelinx™ SLM Management Appliance. Beginning August 30, 2006 SLM will begin shipping with version 2.1 firmware installed.

Model	**Description**
SLM	SecureLinx Management Appliance

UPDATE HIGHLIGHTS

Feature/Enhancement	Description and Benefit
User Authentication Precedence	Precedence of combined local/remote authentication methods may now be specified. For example, RADIUS may be specified as the primary method, with local user authentication employed as a backup if the RADIUS server is down.
SLP Outlet Status Display	Current outlet status (On/Off/Reboot) of SLP Remote Power Managers is now displayed on both Ethernet Device and Managed Device views.
Device Group Port Assignment	Multiple device ports may now be assigned to a managed device group, simplifying initial system configuration.
Enhanced Configuration Auto-Save	SLM configurations may now be automatically saved to a maximum of eight (8) other backup SLMs.
Additional Polled NTP Servers	An additional two (2) polled NTP servers (3 total) may now be specified for resiliency in date/time synchronization.
Additional NIS Slave Servers	An additional two (2) NIS Slave servers (5 total) may now be specified for resiliency or segmentation of remote user authentication when using NIS authentication.
SCSxx00 Discovery & Integration	SCSxx00 devices are now supported by auto-discovery (SNMP), and both Ethernet Device and Managed Device views support telnet, secure shell (SSH), and browse (HTTP/HTTPS) access.

UPDATE AVAILABILITY

Customers with existing SLMs, electing to take advantage of the new features and capabilities of the v2.1 firmware, may upgrade their units at no additional charge. An upgrade patch, installation instructions, and release notes will be available on August 30, 2006 from the Lantronix web site at:

       http://www.lantronix.com/support/downloads.html .

If you have any questions, please contact your local sales representative or Lantronix Customer Support at (866) 649-0721 or (949) 453-3990 x342.
