PRODUCT CHANGE NOTICE

Dear Valued Lantronix Customer,

The design of the MPS100 Print Server has recently been updated to replace a key component that has been discontinued. For quality purposes the part numbers are being changed to differentiate them from the previous version.

Old Part Number	New Part Number
MPS100-03	MPS100-13

The form, fit, function and price of these products have not changed. All units will ship with updated bootcode and firmware (v1.9, v3.7/1), which maintains all of the functionality of the current firmware, plus additional new features. The new MPS100 models are currently available for shipment.

Current orders for MPS100 products are being fulfilled until supply is depleted, at which time all orders will need to be changed to the new part number. For future orders please use the new part numbers listed above when they become available.

If you have any questions, please contact your sales representative or Lantronix Customer Support at (866) 649-0721 or (949) 453-3990 x342.
