## Product Discontinuation Notice

Dear Valued Lantronix Customer,

The purpose of this communication is to inform you that Lantronix has discontinued the WiSpan External Ethernet-to-Wireless Bridge products.

We will continue to provide support for these products through **Dec. 1st, 2009**.

The replacement for the WiSpan line of products are the WiBox® device servers. WiBox® dual port device servers enable you to connect equipment to 802.11b/g wireless networks via serial or Ethernet interfaces, quickly and easily. By merging wireless communications and Lantronix device server technology, WiBox simplifies connectivity to devices in applications where mobility is required or cabling is impractical.

**WiBox features:**

- Enables easy access to remote devices while minimizing costly cabling
- Provides network mobility for un-tethered communication
- Support industry standard 802.11b/802.11g wireless interfaces
- Transparent communications - no need to develop special software
- Two DB9 DTE serial ports supporting RS-232, RS-422 or RS-485 communication
- Enterprise-level wireless security with IEEE 802.11i-PSK,WPA-PSK, TKIP
- 256-bit AES end-to-end encryption
- Ethernet or wireless communication
- Features TruPort® Com port control technology

Transition Table:

| Existing Part Number | Replacement Part Number | Availability |
|---|---|---|
| WBG1000001-01 | WB2100EG1-01 | Shipping |
| WBG1000002-01 | WB2100EG2-01 | Shipping |

If you have any questions, please contact your Lantronix Sales Representative or Lantronix Customer Support at (866) 649-0721 or (949) 453-3990 x342.
